II. SPECIAL TERMS AND CONDITIONS

2.0 OVERVIEW

- 2.1 HUD regulations allow communities, such as Houston, that are participating in HCVP to allocate up to 20% of the voucher units authorized under the Annual Contributions Contract with HUD for Project-Based Voucher (PBV) assistance. An additional 10% of authorized units may be allocated under certain circumstances, pursuant to the Housing Opportunity Through Modernization Act of 2016. Under the PBV program, subject to Federal requirements and in accordance with locally developed guidelines, rental subsidies are attached to specific rental units. When the tenants of units assisted under the PBV program move, the rental subsidies remain with the units while the PBV Housing Assistance Payments ("HAP") contract remains in force for the term of the HAP contract.
- 2.2 The intent of this solicitation is to solicit proposals for eligible properties from eligible property owners for PBV assistance. Under HUD regulations, certain properties owned or controlled by HHA are eligible for PBV assistance and may be eligible for selection under this "RFP". HHA will enter into PBV HAP Contracts with selected property owners for designated rental units for an initial term of up to twenty (20) years subject to funding availability. Rental assistance subsidies will be provided while eligible families occupy the rental housing units and the units meet other program standards. "HHA's" published subsidy standards will determine the appropriate unit size for the family size and composition.
- 2.3 Property owners who are qualified and are interested in providing rental units under the PBV or PBV Veterans Affairs Supportive Housing ("VASH") Program as described herein are encouraged to submit a proposal to HHA.
- 2.4 HHA strongly encourages submission of the following types of proposals:

2.4.1 **Permanent Supportive Housing ("PSH")**

- 2.4.1.1 HHA is working in partnership with the City of Houston, Texas and Harris County to increase the availability of PSH units and reduce homelessness in the City of Houston, Texas.
- 2.4.1.2 Prospective tenants for PSH projects selected by HHA to receive PBV assistance pursuant to this "RFP" will generally be drawn first from the City of Houston, Texas' coordinated placement system; however, PBV proposers are able to propose alternative tenant selection methods. For VASH vouchers tenants will be referred directly from the Veterans Administration (VA) for placement in units.
- 2.4.1.3 HUD's definition of a chronically homeless person is "an unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more OR has had at least four (4) episodes of homelessness in the past three (3) years."

A disabling condition is defined as "a diagnosable substance use disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions."

2.4.1.4 These citizens frequently confront serious, persistent issues such as substance abuse, addiction or alcoholism, mental illness, HIV/AIDS, and other serious challenges to a successful life. The purpose of PSH is to provide housing combined with intensive, all-inclusive services, either in-house or through third-party providers, that will help the residents remain housed. These services should include:

- Case Management
- Behavioral Health Care
- Medical Care
- Life Skills Training

2.4.2 Supportive housing for Transition Age Youth Aging out of Foster Care.

2.4.2.1 HHA is no longer conducting a demonstration program that gave a preference to up to 100 applicants during the demonstration period. The intent was to preference 25 Transition Age Youth (TAY) Aging out of Foster Care annually, but unused slots would rollover each year.

2.4.2.2 When available, applicants must accept referrals from “HHA's” TAY pilot preference for participants and partnered with service provider(s) with whom HHA have executed a Memorandum of Understanding (MOU) outlining the provider's responsibilities for the provision of supportive services provided to participants.

2.4.3 Housing developments located or to be located in census tracts that are "high opportunity areas", designated as revitalization areas by the City of Houston, and/or that preserve or expand affordable housing opportunities in other areas of HHA's jurisdiction (Tiers).

2.4.3.1 Developers of Tax Credit Properties and Owners of other properties in areas with quality schools are encouraged to apply and HHA will assist the development to lease up vacancies and provide a contractual rental stream for the period of the Contract.

2.4.3.2 HHA is willing to take innovative approaches to obtain units in developments in high opportunity areas including a "demonstration" of a few units or for a shorter-term trial period. Units in this category may receive rents in accordance to HHA's approved payment standards, subject to a determination that the rent meets required rent reasonableness standard analysis.

2.4.3.3 To receive full evaluation points for the high opportunity or City-designated revitalization area criteria, the proposed site must be: 1) located in a census tract with a poverty rate below 15%; and, 2) situated in the attendance zone of elementary, middle and high schools that have Met Standard ratings of 77 or greater on index 1 of the performance index related to student achievement. Only proposals that involve new construction or substantial rehab qualify for points under the City-designated revitalization area criteria.

- 2.5 "HHA's" PBV initiative is intended to support and expand PSH and other housing options for low-income families and to support or encourage the development of new housing units and/or the rehabilitation of existing housing in order to increase the supply of affordable accessible housing for this particular population.
- "HHA's" PBV initiative is also intended to support expansion of affordable housing into high opportunity areas and other areas designated for revitalization by the City of Houston. Finally, "HHA's" PBV initiative is intended to support the preservation or expansion of affordable housing opportunities citywide.
- 2.6 As a result of this solicitation, HHA will authorize PBV assistance for newly constructed, rehabilitated or existing housing units. In total, "HHA's" goal is to assist a minimum of 1,000 units of PSH housing through the PBV program. HHA intends to support additional units of PBV housing that are located in high opportunity areas and/or revitalization areas designated by the City of Houston. HHA will consider proposals for both PSH and non-PSH developments.
- 2.7 PBV proposals must include no more than one hundred fifty (150) units; however, in general, HHA will not approve PBV assistance for the greater of twenty-five (25) units or twenty-five (25) percent of the units in a project except as allowed under HUD PIH Notice 2017-21 or successor notices, or in limited circumstances where the PBV application demonstrates: 1) a project design that is sensitive and responsive to the unique needs of the PSH or VASH population as applicable; 2) a project that incorporates single-family housing and/or other low-density design; 3) a well-documented supportive services plan that incorporates comprehensive case management and related services provided on-site and at nearby accessible locations; 4) an operating budget with adequate resources identified and secured to address service, security and maintenance concerns; and 5) the active involvement of project sponsors and/or committed partners with a demonstrated track record of serving a similar target population at well-run residential locations of comparable or larger scale to that proposed for PBV or PBV VASH assistance.
- 2.8 HHA will not approve PBV-VASH proposals for more than twenty-five (25) percent of units per project.

- 2.9 HHA may at its discretion, approve proposals which vary from the parameters specified above if the proposal review determines that approving the proposal is in the best interests of HHA and the low-income residents of Houston, provided that the variance is not prohibited under PBV program regulations.

16.0 **INFORMALITIES**

16.1 HHA reserves the right to waive any informality, and make an award that is in the best interests of HHA.

16.1.1 Minor informalities are matters of form rather than substance. They are insignificant mistakes that can be waived or corrected without prejudice to the other proposers and have little or no effect on price, quantity, quality, delivery, or contractual conditions. Examples include failure to: return the number of signed bids required by the bid package; sign the bid, provided that the unsigned bid is accompanied by other documents indicating the bidder's intent to be bound (e.g., a signed cover letter or a bid guarantee); complete one or more certifications; or acknowledge receipt of an amendment or addendum, provided that it is clear from the bid that the bidder received the amendment/addendum and intended to be bound by its terms, or the amendment/addendum had a negligible effect on price, quantity, quality, or delivery.

17.0 **MINORITY WOMEN BUSINESS ENTERPRISE (M/WBE) PARTICIPATION**

17.1 Refer to Attachment C.

18.0 **MISTAKES**

18.1 General

18.1.1 While proposers/bidders will be bound by their submittals (the "firm bid rule"), circumstances may arise where correction or withdrawal of their bid or proposal is proper and may be permitted. Correction or withdrawal of a bid or proposal will be done in a manner that will protect and maintain the integrity and fairness of the competitive solicitation process.

18.2 Mistakes Discovered Before Solicitations Are Opened

18.2.1 Interested parties may withdraw or modify their submittals by written or facsimile notice prior to the opening of the solicitations. (See Attachment I Form HUD-5369-B item 6)

18.3 Review of Mistakes

18.3.1 After the solicitations are opened, HHA will review all submittals to ensure there are no obvious mistakes, e.g., the sum of individual bid line items does not equal the total price. If a submittal appears to have a mistake, HHA will notify the interested of any apparent mistake(s) in his/her submittal, and request verification of the total price as submitted.

18.4 Mistakes After Solicitations Are Opened

18.4.1 If this solicitation is soliciting bids, then in general, bidders will not be permitted to change a bid after bid opening. In rare cases, HHA may permit the revision of a bid if the bidder is able to present clear and convincing evidence, acceptable to HHA, of a mistake and the intended bid price. Allowing changes to bids without

appropriate evidence may compromise the integrity of the public bid process and serve to undermine public confidence in the PHA's bidding process. Therefore, HHA will request as much evidence as it deems necessary. Examples of evidence may include: original work papers, bids from suppliers and subcontractors used to develop the bid, bonding or insurance evidence supporting a different bid price, etc. Failure or refusal by a bidder to provide adequate evidence shall result in the original bid remaining unchanged. Consultation with HHA's Legal Department will occur before authorization is given change a bid. If justified, a low bidder can be replaced with the next lowest bidder.

19.0 **PERMITS**

- 19.1 The successful Contractor (s) shall obtain and pay (independent of HHA), all permits, certificates, and licenses required and necessary for the performance of the work specified herein. REQUIREMENTS FOR SUBCONTRACTING WITH SMALL BUSINESSES AND MINORITY BUSINESSES, WOMEN BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS.

I. INSTRUCTIONS.

Any Prime Contractor awarded a contract pursuant to this procurement must agree to comply with the subcontracting requirements set forth below. Please note that the capitalized terms used in this document are defined below in § VII.

(1) Please read this document carefully; (2) sign the acknowledgement; and (3) complete and sign the attached "Bidder's Proposed M/WBE Participation Form."

II. OVERVIEW.

Any contract resulting from this procurement must comply with: (1) the requirements in HHA's Procurement Policy (the "Policy") and the Code of Federal Regulations (the "Code") regarding Subcontracting with small and minority owned businesses, women business enterprises, and labor surplus area firms (the "Policy Requirements"); and (2) "HHA's" goal regarding Subcontracting with minority business enterprises and women business enterprises (the HHA's Goal). Any person or Firm that receives an award pursuant to this procurement must take affirmative steps to comply with the Policy Requirements and must use their best efforts to meet HHA's Goal. The Policy Requirements and HHA's Goal are described in detail below.

III. THE POLICY REQUIREMENTS.

Pursuant to the Policy, at § 15, and the Code, at 2 CFR § 200.321, if a Prime Contractor awarded a contract pursuant to this procurement lets Subcontracts, then the Prime Contractor must take affirmative steps to assure that, when possible, Subcontracts are let to Small Business Enterprises ("SBEs"), Minority Businesses Enterprises ("MBEs"), Women Business Enterprises ("WBEs"), and Labor Area Surplus Firms ("LASFs"). The affirmative steps a Prime Contractor who lets Subcontracts must take are:

- Placing SBEs, MBEs, and WBEs, on solicitation lists;
- Assuring that SBEs, MBEs, and WBEs, are directly solicited for bids or proposals whenever such entities are potential sources to perform Subcontracts;
- Dividing total job requirements, whenever economically feasible, into smaller tasks or quantifies to permit maximum participation by SBEs, MBEs, and WBEs, in a given project;
- Establishing delivery schedules, when the requirement permits, that encourage participation by SBEs, MBEs, and WBEs;
- Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the U.S. Department of Commerce; and,

- Including in Subcontracts, to the greatest extent feasible, a clause that requires Subcontractors to provide opportunities for training and employment for lower income persons who reside in the project area.

The affirmative steps listed above shall remain in effect for the duration of the Prime Contract awarded pursuant to this procurement. HHA encourages Prime Contractors to implement these steps when acquiring the materials they need to perform their obligations under the Prime Contract.

IV. HHA'S GOAL

A. Overview of HHA's Goal and related requirements.

In addition to taking the affirmative steps outlined above in § III, a Prime Contractor who anticipates using Subcontracts to complete any work associated with this procurement must use its best efforts to satisfy HHA's Goal regarding the participation of MBEs and WBEs in work under contracts awarded by HHA. HHA's Goal, as adopted by its Board of Commissioners, is that when Subcontracts are being let, at least 30% of the Prime Contract's total dollar amount is subcontracted to MBEs or WBEs, with at least 15% of the Prime Contract's total dollar amount being subcontracted to MBEs, and at least 15% being subcontracted to WBEs.

In furtherance of HHA's Goal, a Prime Contractor awarded a contract under this procurement who intends to let Subcontracts must use its best efforts to Subcontract with MBEs and WBEs. **Specifically, a Prime Contractor letting Subcontracts must use its best efforts (1) to Subcontract at least 15% of the Prime Contract's total dollar amount to MBEs, and (2) to Subcontract at least 15% of the Prime Contract's total dollar amount to WBEs. A Prime Contractor's obligation to use its best efforts to subcontract with MBEs and WBEs in accordance with HHA's Goal shall remain in effect for the duration of the Prime Contract, shall apply in any instance that the Prime Contractor lets Subcontracts, and shall apply equally to all Prime Contractors letting Subcontracts, regardless of whether the Prime Contractor is itself a MBE or WBE.**

- A Prime Contractor must document its use of best efforts to meet HHA's Goal. Generally, written evidence of a Prime Contractor's attempts to Subcontract with MBEs and WBEs shall suffice to document a Prime Contractor's best efforts. Written evidence may include, but is not necessarily limited to, emails, phone logs, or correspondence showing that a Prime Contractor attempted to Subcontract with MBEs and WBEs by, at a minimum, soliciting bids or quotes. Contractors may access a list of designated MBEs and WBEs at:

1. State of Texas Website: <https://comptroller.texas.gov/purchasing/vendor/hub/>
2. Houston Housing Authority (HHA) Website: [Bidder Registration/Bidder's List - Houston Housing Authority \(housingforhouston.com\)](http://housingforhouston.com/Bidder-Registration/Bidder's-List)

Note: The following is the path to "HHA's" website:

- HousingforHouston.com
- Doing Business with HHA
- Bidder's Registration / Bidder's List

In addition, upon request, HHA may assist contractors in identifying MBEs and WBEs (but, requesting such assistance, standing alone, is not sufficient to show best efforts).

- A Prime Contractor's duty to document its best efforts to meet HHA's Goal shall remain in effect for the duration of the Prime Contract and shall apply to all Prime Contractors awarded a contract pursuant to this procurement. HHA encourages Prime Contractors to use their best efforts to procure from MBEs and WBEs the materials necessary for the Prime Contractor to perform its obligations under the Prime Contract.

V. CONTRACTOR'S AGREEMENT TO COMPLETE REQUIRED FORMS AND TO COOPERATE WITH HHA REGARDING THE POLICY REQUIREMENTS AND HHA'S GOAL.

All respondents to this procurement who anticipate letting subcontracts must complete and return the attached "Bidders Proposed M/WBE Participation Form" (the "Form"). Respondents should include the Form in their response to this procurement; in addition, information documenting the respondent's use of best efforts to subcontract with MBEs and WBEs should accompany the Form. If it does not anticipate letting subcontracts, a respondent must, along with its response, inform HHA of same, and provide a brief explanation of why no subcontracts will be let. HHA will consider as non-responsive any response that fails to include a completed Form; HHA will, however, allow respondents an opportunity to cure a failure to include the Form with a response.

In addition to completing and submitting the Form to HHA, any entity awarded a contract by HHA pursuant to this procurement must provide "M/WBE Confirmation of Payment Form(s)," as necessary or as requested by HHA. Prime Contractor must also to submit proof of payments to SBEs, MBEs, WBEs, and LASFs, as requested by HHA, or as otherwise is required by law.

VI. CONSEQUENCES FOR FAILING TO TAKE THE AFFIRMATIVE STEPS MANDATED BY THE POLICY REQUIREMENTS OR USING BEST EFFORTS TO MEET HHA'S GOALS.

If a Prime Contractor letting subcontracts does not take the affirmative steps mandated by the Policy Requirements, use its best efforts to meet HHA's Goal, or cooperate with HHA with respect to the requirements set forth herein, HHA reserves the right to refuse to award a contract to the Prime Contractor, to deem the Prime Contractor's response to a solicitation non-responsive, to terminate an existing contract with the Prime Contractor, and to bar the Prime Contractor from being awarded any future contracts by HHA.

This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the [contractor/seller]'s legal duty to furnish information.

(d) The [contractor/seller] will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the [contractor/seller]'s commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The [contractor/seller] will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that in the event the [contractor/seller] becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the [contractor/seller] may request the United States to enter into such litigation to protect the interests of the United States.

17. Equal Opportunity for Workers with Disabilities

1. The [contractor/seller] will not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The [contractor/seller] must ensure that applicants or employees with disabilities are provided the notice in a form that is accessible and understandable to the individual applicant or employee (e.g., providing Braille or large print versions of the notice, or posting a copy of the notice at a lower height for easy viewing by a person using a wheelchair). With respect to employees who do not work at a physical location of the [contractor/seller], a [contractor/seller] will satisfy its posting obligations by posting such notices in an electronic format, provided that the [contractor/seller] provides computers, or access to computers, that can access the electronic posting to such employees, or the [contractor/seller] has actual knowledge that such employees otherwise are able to access the electronically posted notices. Any information given to a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an amendment of the solicitation, if that information is necessary in submitting offers or if the lack of it would be prejudicial to any other prospective offerors.

5. Responsibility of Prospective Contractor

(a) The HA shall award a contract only to a responsible prospective contractor who is able to perform successfully under the terms and conditions of the proposed contract. To be determined responsible, a prospective contractor must -

- (1) Have adequate financial resources to perform the contract, or the ability to obtain them;

- (2) Have a satisfactory performance record;
- (3) Have a satisfactory record of integrity and business ethics;
- (4) Have a satisfactory record of compliance with public policy (e.g., Equal Employment Opportunity); and
- (5) Not have been suspended, debarred, or otherwise determined to be ineligible for award of contracts by the Department of Housing and Urban Development or any other agency of the U.S. Government. Current lists of ineligible contractors are available for inspection at the HA/HUD.

(b) Before an offer is considered for award, the offeror may be requested by the HA to submit a statement or other documentation regarding any of the foregoing requirements. Failure by the offeror to provide such additional information may render the offeror ineligible for award.

6. Late Submissions, Modifications, and Withdrawal of Offers

(a) Any offer received at the place designated in the solicitation after the exact time specified for receipt will not be considered unless it is received before award is made and it -

- (1) Was sent by registered or certified mail not later than the fifth calendar day before the date specified for receipt of offers (e.g., an offer submitted in response to a solicitation requiring receipt of offers by the 20th of the month must have been mailed by the 15th);
- (2) Was sent by mail, or if authorized by the solicitation, was sent by telegram or via facsimile, and it is determined by the HA/ HUD that the late receipt was due solely to mishandling by the HA/ HUD after receipt at the HA;
- (3) Was sent by U.S. Postal Service Express Mail Next Day Service - Post Office to Addressee, not later than 5:00 p.m. at the place of mailing two working days prior to the date specified for receipt of proposals. The term "working days" excludes weekends and U.S. Federal holidays; or
- (4) Is the only offer received.

(b) Any modification of an offer, except a modification resulting from the HA's request for "best and final" offer (if this solicitation is a request for proposals), is subject to the same conditions as in subparagraphs (a)(1), (2), and (3) of this provision.

(c) A modification resulting from the HA's request for "best and final" offer received after the time and date specified in the request will not be considered unless received before award and the late receipt is due solely to mishandling by the HA after receipt at the HA.

(d) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent either by registered or certified mail is the U.S. or Canadian Postal Service postmark both on the envelope or wrapper and on the original receipt from the U.S. or Canadian Postal Service. Both postmarks must show a legible date or the offer, modification, or withdrawal shall be processed as if mailed late. "Postmark" means a printed, stamped, or otherwise placed impression (exclusive of a postage meter machine impression) that is readily identifiable without further action as having been supplied and affixed by employees of the U.S. or Canadian Postal Service on the date of mailing. Therefore, offerors should request the postal clerk to place a hand cancellation bull's-eye postmark on both the receipt and the envelope or wrapper.

(e) The only acceptable evidence to establish the time of receipt at the HA is the time/date stamp of HA on the offer wrapper or other documentary evidence of receipt maintained by the HA.

(f) The only acceptable evidence to establish the date of mailing of a late offer, modification, or withdrawal sent by Express Mail Next Day Service-Post Office to Addressee is the date entered by the post office receiving clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on both the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined in paragraph (c) of this provision, excluding postmarks of the Canadian Postal Service. Therefore, offerors should request the postal clerk to place a legible hand cancellation bull's eye postmark on both the receipt and the envelope or wrapper.

(g) Notwithstanding paragraph (a) of this provision, a late modification of an otherwise successful offer that makes its terms more favorable to the HA will be considered at any time it is received and may be accepted.

(h) If this solicitation is a request for proposals, proposals may be withdrawn by written notice, or if authorized by this solicitation, by telegram (including mailgram) or facsimile machine transmission received at any time before award. Proposals may be withdrawn in person by a offeror or its authorized representative if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award. If this solicitation is an invitation for bids, bids may be withdrawn at any time prior to bid opening.

7. Contract Award

(a) The HA will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the HA, cost or price and other factors, specified elsewhere in this solicitation, considered.

(b) The HA may

- (1) reject any or all offers if such action is in the HA's interest,
- (2) accept other than the lowest offer,
- (3) waive informalities and minor irregularities in offers received, and (4) award more than one contract for all or part of the requirements stated.

(c) If this solicitation is a request for proposals, the HA may award a contract on the basis of initial offers received, without discussions. Therefore, each initial offer should contain the offeror's best terms from a cost or price and technical standpoint.

(d) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer shall result in a binding contract without further action by either party. If this solicitation is a request for proposals, before the offer's specified expiration time, the HA may accept an offer, whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award. Negotiations conducted after receipt of an offer do not constitute a rejection or counteroffer by the HA.

(e) Neither financial data submitted with an offer, nor representations concerning facilities or financing, will form a part of the resulting contract.

8. Service of Protest

Any protest against the award of a contract pursuant to this solicitation shall be served on the HA by obtaining written and dated acknowledgment of receipt from the HA at the address shown on the cover of this solicitation. The determination of the HA with regard to such protest or to proceed to award notwithstanding such protest shall be final unless appealed by the protestor.

9. Offer Submission

Offers shall be submitted as follows and shall be enclosed in a sealed envelope and addressed to the office specified in the solicitation. The proposal shall show **the hour and date specified in the solicitation for receipt, the solicitation number, and the name and address of the offeror, on the face of the envelope.**

It is very important that the offer be properly identified on the face of the envelope as set forth above in order to insure that the date and time of receipt is stamped on the face of the offer envelope. Receiving procedures are: date and time stamp those envelopes identified as proposals and deliver them immediately to the appropriate contracting official, and only date stamp those envelopes which do not contain identification of the contents and deliver them to the appropriate procuring activity only through the routine mail delivery procedure.

B. Financial Feasibility (Evaluated for all projects)	20
C. Previous Experience of Applicant in Development and Property Management of Projects of Similar Scale for Similar Target Population (Evaluated for all projects)	20
D. Project Design (Evaluated for all projects)	20
E. Development Serves the Homeless & Chronic Homeless (Evaluated for all projects)	20
F. High Opportunity, City-Designated Revitalization Area or Promotes Preservation or Expansion of Affordable Housing (Evaluated for all projects)	20
Maximum Potential Points - PSH, VASH & Non-elderly/disabled projects for which more than 25% of units are proposed for PBV assistance)	120
Maximum Potential Points - All other projects	100
Percent of Maximum Potential Points Required for PBV Award	60%

A. SUPPORTIVE SERVICES PLAN AND CAPACITY	
<p>A high scoring Supportive Services Plan must <u>demonstrate</u> that the proposer:</p> <ul style="list-style-type: none"> • Has planned and documented a high quality supportive services program that is results/outcome oriented and responsive to projected needs of the resident population including both adults and youth. It should include narrative and a matrix that lists the types of supportive services, the eligible target population for each type of service, the number of persons to be served for each type of service, where the service will be provided, who will provide each services, the amount budgeted for each service, and the projected outcomes of each service; • Has identified and secured the resources, partnerships and staffing needed to effectively execute the plan. This must include specific funding amounts by service type and provider including information on the duration of the funding. General or conditional support letters are not adequate; and, • Has assembled and obtained firm commitments from a team with documented track record(s) of effectively providing such services in residential locations to comparable populations. This must be demonstrated by providing reference projects of similar scale and scope. <p>With respect to PSH and VASH programs, the Supportive Services Plan must include:</p> <ul style="list-style-type: none"> • A comprehensive case management component with reasonable staff to case manager ratios identified; and, • A discussion of issues and proposed strategies to address the specific supportive service needs related to housing of chronically homeless households. 	
MAXIMUM POINTS	20 points

B. FINANCIAL FEASIBILITY

For new construction or rehabilitated housing, 10 of 20 points will be assigned based on the extent to which the proposal demonstrates that:

- A comprehensive and realistic construction and permanent financing budget has been prepared; and,
- Construction and permanent funding is firmly committed including documentation from all funding sources.

HHA will assign points by reviewing the construction and permanent financing committed at the time of application – or deemed by HHA to be highly likely to be committed within a reasonable period of time after proposal submission - and specifics on the plan to secure remaining funding. HHA may defer final approval of a proposal pending receipt of financing commitments from the City of Houston or other funding sources from which the developer has requested funding.

All projects (whether new construction, rehab or existing) must provide a 10-15 year operating proforma with line item detail sufficient for a knowledgeable reviewer to evaluate the feasibility and completeness of the budget. For new construction and rehabilitation projects, the operating proforma will constitute 10 of the 20 points for this rating factor. For existing housing, the operating proforma will constitute 20 of 20 points for this rating factor. The operating proforma must include line item detail including, but not limited to:

- Estimated revenue by all sources; and,
- Estimated expenses for all categories including maintenance, utilities, capital reserves, security, resident supportive services, insurance, taxes, etc.
- Footnotes or other narrative must be presented where necessary to clarify assumptions about sources and uses. HHA will review budgets to assess whether realistic and appropriate assumptions have been made regarding the cost and level of on-site staffing, security and other costs.
- The amount of the compliance monitoring fee.

MAXIMUM POINTS

20 points

C. PREVIOUS EXPERIENCE OF APPLICANT IN DEVELOPMENT AND PROPERTY MANAGEMENT

For new construction and rehabilitation projects, a high scoring proposal must demonstrate that the applicant has either directly or through its team assembled all of the personnel, skills and other resources needed to complete the development project described in the proposal. This can be evidenced by reference projects of similar scale, budget and complexity.

For all proposals (new construction, rehab, existing), a high scoring proposal must demonstrate that the applicant has a track record of successfully leasing up and managing projects of similar scale, complexity and resident populations, and has developed a responsive and comprehensive management plan:

- Information on the portfolio currently managed by the property management team must be presented including number of units, population housed, and location. For PSH and VASH proposals, experience managing properties of comparable scale that house chronically homeless of other PSH populations must be identified.
- The management/maintenance plan presented in the proposal should not be a boilerplate example. A high scoring proposal will include a management plan that reflects the specific considerations of the site and the resident population including site/occupancy rules where applicable.
- Include a detailed management and maintenance staffing plan that provides sufficient information for HHA reviewers to determine the level of staffing that will be present on-site during business and non-business hours, the approach to off-hours emergencies and other relevant property management information.

MAXIMUM POINTS

20 points

D. PROJECT DESIGN

A high scoring proposal will demonstrate that the project incorporates good design, especially utilizing “green,” environmentally sustainable building principles. Good design also incorporates site, unit and common area features and amenities that are responsive to the needs of the resident population. In evaluating this rating factor, HHA will consider information presented in the proposal including:

- The extent to which the project design incorporates “best practices” for the resident population. For example, projects that house chronically homeless must incorporate a range of design considerations related to safety, durability, the need to encourage socialization, the need for on-site services.
- The extent to which the project incorporates single family dwellings and/or lower density.
- LEED or other similar designations that provide evidence of environmentally sustainable design.
- Other energy efficiency features and improvements.
- Treatment of common areas and building grounds.
- Availability of other on-site amenities.

MAXIMUM POINTS

20 points

E. DEVELOPMENT SERVES HOMELESS, CHRONIC HOMELESS, TAY PREFERENCE AND/OR FAMILIES WITH CHILDREN

Development serves Chronic Homeless or the project will serve the TAY preference: 20 points
--

Development serves Homeless families or individuals: 10 points

Development serves families with children: 5 points
--

Does not serve Chronic Homeless, TAY preference, Homeless families or individuals, or families with children: 0 points

MAXIMUM POINTS

20 points

F. HIGH OPPORTUNITY, CITY-DESIGNATED REVITALIZATION AREA, PRESERVATION OR EXPANSION OF AFFORDABLE HOUSING OPPORTUNITIES
--

<p>A high scoring proposal will be located in a high opportunity area that provides improved educational and economic opportunities for residents. A midpoint scoring proposal will be located in an area that has been designated for revitalization by the City of Houston (applies to new construction or substantial rehab only), a census tract with a poverty rate below 15% and/or promote the preservation or expansion of affordable housing opportunities. In evaluating this factor, HHA will consider information provided in the proposal including information presented relative to conformance with HUD's Site and Neighborhood Standards. While 20 points is the maximum points to be earned under this criterion, HHA shall have discretion to assign point scores that are higher or lower than those listed below based on Site and Neighborhood-related information presented in the proposal:</p>

Development located in a census tract with a poverty rate below 15%, and is situated in the attendance zone of elementary, middle and high schools that have Met Standard ratings of 77 or greater on index 1 of the performance index related to student achievement: 20 points

Development located in a census tract that has been designated as a revitalization area by the City of Houston (new construction or substantial rehab only), that has a poverty rate below 15% and/or promotes preservation or expansion of affordable housing opportunities: 10 points

Appendix A - Application for Project Based Voucher Assistance

Houston Housing Authority (HHA) requires that a separate proposal be submitted for each project for which Project Based Voucher (PBV) assistance is requested. A completed Application for Project Based Voucher Assistance must be included in each proposal. Proposers must follow these instructions:

- Proposal submission instructions are provided in part “4.0 Submittals” of HHA’s solicitation. As noted therein, in addition to a CD ROM or Flash Drive, one (1) original and one (1) copy of the proposal must be submitted by the specified due date. The hard copy materials must include a table of contents and be organized into three ring binders that are divided by labeled tabs to clearly note the contents of each section.
- There are nineteen (19) numbered sections of the Application for PBV Assistance. Proposers must respond to all sections except:
 - ✓ Section 11 – Applies only to Existing and Substantial Rehabilitation Projects
 - ✓ Section 12 – Applies only to New Construction Projects
 - ✓ Section 18 – Applies only to New Construction and Substantial Rehabilitation Projects
- Use the fillable fields in the application form to provide information wherever possible. If additional information is required, include it in the proposal submission in a separate, labeled tab. For example, Section 5 of the application form requires submission of a Tenant Selection Plan and Lease. This information should be included in a tab labeled “Section 5 Tenant Selection Plan and Lease”.

10. Deconcentration of Poverty, Expanding Housing and Economic Opportunities and City-Designated Revitalization Area

Census Tract of Proposed PBV Project: _____ Poverty Rate*: _____

*Census tracts and poverty rates can be found by entering complete address and zip code at the following website: <http://factfinder2.census.gov/faces/nav/jsf/pages/index.xhtml>

Elementary School Zone: _____ Met Standard Rating for Index 1 Student Achievement: _____
Middle School Zone: _____ Met Standard Rating for Index 1 Student Achievement: _____
High School School Zone: _____ Met Standard Rating for Index 1 Student Achievement: _____

Is the proposed project located in a census tract designated by the City of Houston as a revitalization area? _____

Applicants for PBV assistance must demonstrate that the proposed PBV project is consistent with HUD's statutory goal of "deconcentrating poverty and expanding housing and economic opportunities", regardless of the project's poverty rate as defined by the most recent census data. Provide a detailed, separate response to each of the criteria listed below. If necessary, attach additional documentation. Note that HHA will utilize responses to this section to assign scores for the "High Opportunity and City-Designated Revitalization Area" evaluation criteria.

HUD Designated Zone - Whether the census tract in which the proposed project will be located is in a HUD-designated Enterprise Zone, Economic Community, or Renewal Community.

Public Housing Demolition - Whether a PBV development will be located in a census tract where the concentration of assisted units will be or has decreased as a result of public housing demolition.

Significant Revitalization - Whether the census tract in which the proposed PBV development will be located is undergoing significant revitalization.

Public Investment - Whether state, local, or federal dollars have been invested in the area that has assisted in the achievement of the statutory requirement.

New Market Rate Units - Whether new market-rate units are being developed in the same census tract where the proposed PBV development will be located and the likelihood that such market-rate units will positively impact the poverty rate in the area.

Decline in Poverty Rate - If the poverty rate in the area where the proposed PBV development will be located is greater than 20 percent, the PHA should consider whether in the past five years there has been an overall decline in the poverty rate.

Education and Economic Opportunities - Whether there are meaningful opportunities for educational and economic advancements in the census tract where the proposed PBV development will be located.

11. Site and Neighborhood Standards: Existing and Rehabilitated Housing Projects

Only proposals for PBV assistance in Existing or Rehabilitated projects must complete this section. Applicants must provide a brief narrative indicating how the proposed project conforms to the required site and neighborhood standards for these housing types. For each of the four criteria listed below, provide a detailed narrative. Attach any additional materials as needed. Note that HHA will utilize responses to this section to assign scores for the “High Opportunity and City-Designated Revitalization Area” evaluation criteria.

(1) The site must be adequate in size, exposure and contour to accommodate the number and type of units proposed, and is there adequate utilities and available streets to service the site.

(2) The site must promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.

(3) The site must be accessible to social, recreational, educational, commercial and health facilities and services and other municipal facilities and services that are at least equivalent to those typically found in neighborhoods consisting largely of unassisted, standard housing of similar market rents; and,

(4) The site must be located such that travel time and cost via public transportation or private automobile from the neighborhood to places of employment providing a range of jobs for lower income workers is not excessive.

12. Site and Neighborhood Standards: New Construction Projects

Only proposals for PBV assistance in New Construction projects must complete this section. Applicants must provide a brief narrative indicating how the proposed project conforms to the required site and neighborhood standards for these housing types. For each of the seven criteria listed below, provide a detailed narrative. Attach any additional materials as needed. Note that HHA will utilize responses to this section to assign scores for the “High Opportunity and City-Designated Revitalization Area” evaluation criteria.

(1) The site must be adequate in size, exposure, and contour to accommodate the number and type of units proposed, and adequate utilities (water, sewer, gas, and electricity) and streets must be available to service the site;

(2) The site must not be located in an area of minority concentration, except as permitted under paragraph (3) below, and must not be located in a racially mixed area if the project will cause a significant increase in the proportion of minority to non-minority residents in the area. _____

(3) A project may be located in an area of minority concentration only if:

(i) Sufficient, comparable opportunities exist for housing for minority families in the income range to be served by the proposed project outside areas of minority concentration; or

(ii) The project is necessary to meet overriding housing needs that cannot be met in that housing market area.

(iii) As used in paragraph 3)(i) above, “sufficient” does not require that there be an equal number of assisted units within and outside of areas of minority concentration. Rather, application of this standard should produce a reasonable distribution of assisted units each year that, over a period of several years, will approach an appropriate balance of housing choices within and outside areas of minority concentration. An appropriate balance must be determined in light of local conditions affecting the range of housing choices available for low-income minority families and in relation to the racial mix of the City’s population.

(iv) Units may be considered “comparable opportunities,” as used in paragraph 3)(i) above, if they have the same household type (elderly, disabled, family, large family) and tenure type (owner/renter); require approximately the same tenant contribution towards rent; serve the same income group; are located in the same housing market; and are in standard condition.

(v) Application of this sufficient, comparable opportunities standard involves assessing the overall impact of HUD-assisted housing on the availability of housing choices for low-income minority families in and outside areas of minority concentration, and must take into account the extent to which the following factors are present, along with other factors relevant to housing choice:

(A) A significant number of assisted housing units are available outside areas of minority concentration.

(B) There is significant integration of assisted housing projects constructed or rehabilitated in the past 10 years, relative to the racial mix of the eligible population.

(C) There are racially integrated neighborhoods in the locality.

(D) Programs are operated by the locality to assist minority families that wish to find housing outside areas of minority concentration.

(E) Minority families have benefited from local activities (*e.g.* , acquisition and write-down of sites, tax relief programs for homeowners, acquisitions of units for use as assisted housing units) undertaken to expand choice for minority families outside of areas of minority concentration.

(F) A significant proportion of minority households has been successful in finding units in non-minority areas under the tenant-based assistance programs.

(G) Comparable housing opportunities have been made available outside areas of minority concentration through other programs.

(vi) Application of the “overriding housing needs” criterion, for example, permits approval of sites that are an integral part of an overall local strategy for the preservation or restoration of the immediate neighborhood and of sites in a neighborhood experiencing significant private investment that is demonstrably improving the economic character of the area (a “revitalizing area”). An “overriding housing need,” however, may not serve as the basis for determining that a site is acceptable, if the only reason the need cannot otherwise be feasibly met is that discrimination on the basis of race, color, religion, sex, national origin, age, familial status, or disability renders sites outside areas of minority concentration unavailable or if the use of this standard in recent years has had the effect of circumventing the obligation to provide housing choice.

(4) The site must promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.

(5) The neighborhood must not be one that is seriously detrimental to family life or in which substandard dwellings or other undesirable conditions predominate, unless there is actively in progress a concerted program to remedy the undesirable conditions.

(6) The housing must be accessible to social, recreational, educational, commercial, and health facilities and services and other municipal facilities and services that are at least equivalent to those typically found in neighborhoods consisting largely of unassisted, standard housing of similar market rents.

(7) Except for new construction housing designed for elderly persons, travel time, and cost via public transportation or private automobile from the neighborhood to places of employment providing a range of jobs for lower-income workers, must not be excessive.
