The Houston Housing Authority (HHA), has issued this Amendment No. 1 to RFP 23-08 Project Based Vouchers for the purposes of answering the following question(s) that were submitted to HHA by the published due date:

Question 1: In the evaluation criteria, Factor A indicates that a Respondent's supportive services plan and capacity will be evaluated for PSH, VASH and Non-Elderly/Disabled project with ***at least*** 25% of the units proposed for PBV assistance. This criterion is worth 20 points in addition to the other 100 points for the other criteria that apply to all projects. However, this same table identifies 120 points being the Maximum Potential Points for PSH, VASH and Non-Elderly/Disabled projects for which ***more than*** 25% of units are proposed for PBV assistance. Can you kindly clarify which is the correct interpretation of this conflicting language for projects that propose exactly 25% of units for assistance?

Answer 1: 25% of the units is the minimum.

All other terms and conditions in the solicitation shall remain the same.
